

# Industrial Bearings & Compression

Russell Ductile Castings has considerable expertise in the production of Industrial Bearings and Compressor cases for the Oil & Gas Industry.

Bearings of up to 6,000 kg, typically used in large ocean going vessels, as well as complex crankcases are supplied worldwide. Our customers rely on our proven record of quality, performance and dimensional repeatability on tight tolerance castings.

Rolls Royce Marine, Vickers Michell, Dresser Rand and Howden Compressors are our key partners in these sectors.

A total supply solution is available, where we can deliver fully machined components direct to line side.

## Certification & Accreditations

ISO 9001:2000

Rolls Royce Approved Supplier.

Timken Approved Supplier.

CompAir Approved Supplier.
